2024 Catalog

Responsibility

All the products in this catalog are made in our workshop in Vilafant (Girona) Spain.

The woods are sourced from certified importers under the FSC / PEFC schemes.

We try our best to buy any other material, machinery and services inside the European Community.

We comply with Spanish labor laws, pay fair wages and benefits, and provide training and development opportunities to our employees and collaborators.

Custom parts

We understand that every musician has unique needs and preferences. While our catalog offers a wide range of accessories, we recognize that there may be specific parts that are not readily available. That's why we're committed to providing custom accessories tailored to your individual requirements.

If you have a particular design or idea in mind, we encourage you to share it with us. Our team can help you bring your vision to life, creating a truly unique and personalized accessory that reflects your individuality. With our commitment to quality, craftsmanship, and customer satisfaction, we're confident that we can deliver the custom musical accessories you've been searching for.

You can request the manufacturing of customized accessories (even single units) at the address:

orders@dariosalerno.com

How to order

You can place an order by sending an E-mail to the address
orders@dariosalerno.com

Including the following information:

- Product Ref. Code and quantity you want to purchase;
- Business name and VAT Number (If applicable) ;
- Shipment Address;
- Shipment contact and phone number.

Order Confirmation

We will respond as soon as possible with the quote and the payment instructions (Wire transfer or credit card). Once we received the payment, we will prepare and send the products.

Waiting times

For the most requested models we generally keep some stock always available, so we send the order upon confirmation. If there is no stock available the waiting time is about 2 weeks.

Distributors

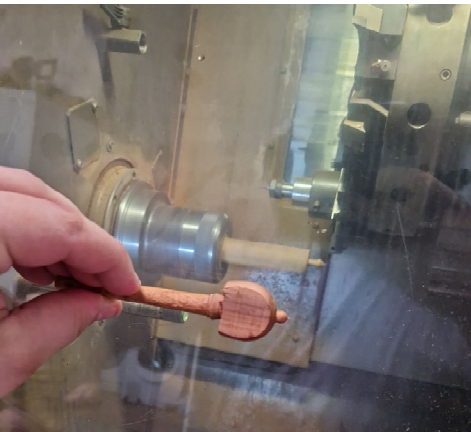

We have large quantity discounts and wholesale agreements, please write an E-mail to wholesale@dariosalerno.com to have more information.

About Us

We are the second generation of an instrument maker family. With the experience in the family artisanal workshop and in modern manufacturing technologies, we are dedicated to help luthiers and musicians get the best for less.

Our production plant is in Vilafant, in the hearth of Catalonia (Spain). We are dedicated to the production of high quality musical instrument components, with a special focus on early music and classical lutherie.

Thanks to skilled artisan techniques and CNC work centers we are able to compete with our products for musicians, luthiers and distributors by producing everything exclusively in Europe, in our workshop in Vilafant.
